QUANTAIRA BUSINESS MODEL

QUANTAIRA

Your Profits. Your Wallet. Your AI.

SUMMARY:

A person can open a **personal account with CoinZoom** exchange and choose to allocate any portion of their **crypto holdings** to the AI auto trading platform, which is run by **Endotech's AI system.** The AI will execute trades between **USDT and Gold, Bitcoin,** and **Ethereum. 70% of all profits** generated remain with the member, and **30% goes to Endotech** as a performance fee.

Additionally, a person can refer others to the platform and participate in our referral rewards plan. The rewards plan allocates **15% of the trading profits** (50% of the total performance fee) for these bonus pools. Below is a detailed description of how shares are earned in each of the bonus pools.

Your Profits. Your Wallet. Your Ai.

BONUS POOL 1:
3% OF GLOBAL TRADING PROFITS

Members can earn a maximum of **10 shares** in this pool, 1 share for every **10k** in personally referred trading capital.

This 1st pool counts only **personal referrals.**

Once 100k is reached, **all 10 shares** are earned in that pool.

BONUS POOL 2:
3% OF GLOBAL TRADING PROFITS

Members can earn a maximum of **10 shares** in this pool, 1 share for every **100k** in referred trading capital, whether it is from direct personal referrals or the extended personal referrals of their entire referral network.

Once 1M is reached, **all 10 shares** are earned in that pool,

and the participant has also earned their **1st share in pool #3.**

BONUS POOL 3:
3% OF GLOBAL TRADING PROFITS

Members can earn a maximum of **10 shares** in this pool, 1 share for every **1M** in referred trading capital, whether it is from direct personal referrals or the extended personal referrals of their entire referral network.

Once **10M** is reached, **all 10 shares** are earned in that pool,

and the participant has also earned their **1st share in pool #4.**

BONUS POOL 4:
3% OF GLOBAL TRADING PROFITS

Members can earn a maximum of **10 shares** in this pool, 1 share for every **10M** in referred trading capital, whether it is from direct personal referrals or the extended personal referrals of their entire referral network.

Once **100M** is reached, **all 10 shares** are earned in that pool, and the participant has also qualified for the additional **1% bonus.**

1% BONUS

For Elite leaders who reach **100M** in their network, they will earn an additional **1%** from the trading profits of their entire network.

If **2 people** from the same network reach **100M**, the higher tier position will earn **.5%**, and the new qualifier within the network will earn the **1%**.

This can go until **5 people** have qualified, with **1%** to the deepest qualifier, and **.5%** to the 4 qualifiers above them in the referral structure.

50% RULE:

The **50% rule** applies to all shares earned. Up to **50%** of the share qualification can come from any single referral network.

This is to ensure that a person who is earning shares has made **at least 2 or more referrals**, and is not relying on 1 single referral or referral network for their qualifications.

This also helps to insure the bonus pools are not diluted and being rewarded to those who are **actively participating in the referral model.**
